## **U.S. Army Corps of Engineers at Smithville Lake announces the 13<sup>th</sup> Annual Managed Deer Hunt for the Physically Challenged**

**Kansas City, Mo. --** U.S. Army Corps of Engineers at Smithville Lake announces the 13<sup>th</sup> Annual Managed Deer Hunt for the Physically Challenged

The U.S. Army Corps of Engineers is once again sponsoring a two day managed deer hunt for people with permanent mobility impairments. The hunt will take place at Smithville Lake on November 23<sup>rd</sup> and 24<sup>th</sup>, 2002. Hunters will be permitted to harvest three deer only one of which may be an antlered buck. Hunters will be provided a volunteer guide that will assist them getting to and from the blind, will stay with them at all times during the hunt, and will be capable of getting the harvested deer loaded, from the field and to the check station.

In order to qualify as a hunter, you must have a permanent mobility impairment, confining you to a wheelchair, crutches or cane. As in the past, priority will be given to those permanently confined to a wheelchair. If you would like to participate as either a hunter or a volunteer guide, call Bruce Clark at (816) 532-0174 as soon as possible.
